Subject: Computer sharing with Cadmus

Hi Nancy,

I spoke to Becky Sawyer of Excelsior today. She asked if there is a way to screen share with Cadmus, as they are planning to do a powerpoint presentation. Can you check into that? I reserved Russian River from 8:30-11am on Nov. 8 and they can connect laptop to HDMI/monitor, but the question is how to have Cadmus see the presentation. I suggested we could send Cadmus the ppt presentation and she asked about screen sharing.

Thanks,

David
